Of Interest To Women.

To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household care or in social duties and functions, which seriously tax their strength, as well as to nursing mothers, Dr. Pierce's Favorite Prescription has proved a most valuable supporting tonic and invigorating nerve. By its timely use, much serious sickness and suffering may be avoided. The regulating table and the supporting pills, which it is believed, seldom have to be employed if this most valuable women's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their composition and the harmful character, but is a MEDICINE OF KNOWN COMPOSITION, a full list of all its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure, triple-refined glycerine taking the place of the commonly used alcohol, in its make-up. In this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of women's peculiar weaknesses and ailments, and sold through druggists, all the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which the "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely free if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

NATIONAL PURITY CONGRESS.

The forenoon session yesterday of the National Purity Congress in Battle Creek, Mich., was devoted to business and the reading of reports. That from the committee on education, read by Dr. Hattie Schwendener, of St. Joseph, Mich., the chairman criticized the National Educational Association for ignoring petitions to establish a committee to investigate the subject of inaugurating the teaching of sexual physiology in the public schools.

Dr. Schwendener said the teaching of the street and the playground in matters of sex and morality is universal, uncontrollable, incorrect and degrading, and the belief that it is possible to keep children in ignorance of these things until physical maturity is a fallacy. A large majority of young people, the doctor declared, who contract social diseases do so through ignorance of their danger, and much of the suffering of the world could be prevented by anticipating instruction in vice by teaching purity of thought, word and deed. To be effective, she said, pure morals should be taught from the kindergarten to the university and should underlie and permeate all teachings in all branches.

Mrs. Adhion Smith, of Hancock, Wis., gave an address on "Purity Instruction in the Home," in which she said that lack of home instruction is responsible for a large majority of the fallen women leading the lives that they do. "To one who has worked among them," she said, "it is very evident that it is ignorance instead of wilful inclination which has led them into such a life."

Among educated mothers there exists, she said, some strange hesitancy to believe that their children need any warnings concerning personal purity, although every reputable physician knows that there are ruined girls where it is least expected. "Purity education should begin at the cradle," Better tell children the mystery of life a year too soon than a year too late."

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally. —Mrs. ROSA POTTS, Birmingham, Ala. These tablets are for sale by Gibson & Timberman and W. F. Creighton & Co.

AVERSE TO CONTINUANCE.

At the meeting of the State Commissioners' Association at the Jamestown Exposition last night, the representatives of the States of Maryland, Michigan, New York, Kentucky, Connecticut, New Hampshire, West Virginia and Louisiana voted unanimously another year, declaring that they did not consider it a good business proposition. The meeting of the association had been called by the committee of three appointed for the purpose of reporting to the board of directors upon the advisability of continuing the fair through next year, but none of the members of the committee appeared to present views upon the subject. After waiting for more than an hour the members of the association discussed the matter themselves.

It was pointed out by several that, in view of the fact that they had expended their appropriations and that their legislatures would not meet this fall, they were helpless and could not go ahead, as there were no available funds. It was also pointed out that no fair, no matter how successful the first year, could be continued another season.

One of the bitter enemies of the reopening plan was Dr. W. C. Stubbs, of the Louisiana Commission, who said that Governor Blanchard, who had been a visitor at the Exposition this week, had been ignored and slighted by both Director General Martin and President Tucker, for not only did these two officials fail to first call upon the chief executive of Louisiana and extend to him a formal welcome to the Exposition, but they failed to return a formal call made upon them by the Governor. There were several other commissioners, including Col. J. C. Given, of Ohio, who declared that the management of the Exposition during the past summer had been such as to destroy any faith in future prospects.

HALLOWEEN INCIDENTS.

Angered by Halloween pranks of youngsters, John W. Todd, who lives near Garrett, Md., is said to have procured a shotgun and fired it into the crowd seriously injuring two of the party.

Jarvis Willett, of Fox Lake, Wis., aged sixty, became enraged yesterday upon discovering that Halloween merry-makers had carried off his wagon. He was seized with heart failure, and suddenly fell over unconscious. His death followed almost immediately.

David High is under arrest, charged with the death Thursday night, at Oakridge, near Rockville, Pa., of Newton Boddinger, seventeen years old, during Halloween celebration. He is alleged to have fired into a crowd of boys who annoyed him. Boddinger's head was blown off.

Angered at being made the butt of Halloween pranks, Joseph Barbano, an Italian boy, 14 years old, living in New York, Thursday night singled out one of his tormentors and shot him through the head. Barbano threw away the revolver, disappeared, and has not been found. A group of boys living near the scene of the shooting played at marking each other up with chalk in the latter part of the afternoon. They pounced on Barbano, marking as fast as their hands would work. Barbano fought off his assailants and ran into the tenement where he lived. In a moment he came back with a revolver and shot Frank C. Reynolds, twelve years old.

The finest Coffee Substitute ever made, has recently been produced by Dr. Sloop, of Racine, Wis. You don't have to boil it twenty or thirty minutes. "Made in a minute," says the doctor. "Health Coffee" is really the closest Coffee imitation ever yet produced. Not a grain of real coffee is in it. Health Coffee imitation is made from pure wheat cereals or grains, with malt, nuts, etc. Really it would fool an expert—were he to unknowingly drink it for coffee. Sold by E. S. Leachester & Sons.

Only a little cold in the head may be the beginning of an obstinate case of Nasal Catarrh. Drive out the invader with Ely's Cream Balm applied straight to the inflamed stuff-up air passages.
